

SMARTP Goal Setting

Process for organizing our focus on achievement of desired results in a systematic and effective manner over a specific time period.

SMART-P

Specific - ensure your target goal is very specific and simple to articulate.

Measurable - ensure your target goal is easy to measure and that you can track progress.

Achievable - ensure your target goal is achievable in terms of your skills, knowledge and team's capabilities.

Relevant - ensure your target goal is relevant to your ONE Thing and Purpose.

Time Bound - ensure your target goal has a time frame and isn't left open-ended.

Positively Stated - ensure you use positive terminology to articulate your goal as well as how you will measure success.
